CAMBRIDGE
UNIVERSITY PRESS

Editorial

- Bacterial biofilm and chronic sialadenitis, survival outcomes in human papilloma virus positive oral cancer, and long-term use of trimethoprim/sulfamethoxazole in recalcitrant chronic rhinosinusitis: *M Hussain, E Fisher, J Fishman* 567

Review Article

- How phenotype guides management of the neuroendocrine carcinomas of the larynx: *F López, JL Hunt, IJ Nixon, A Rinaldo, MD Williams, A Cardesa, A Ferlito* 568

Main Articles

- Cholesteatoma in children and adults: are there really any differences?: *R Jackson, AB Addison, PR Prinsley* 575
- The anti-inflammatory effects of erythromycin, clarithromycin, azithromycin and roxithromycin on histamine-induced otitis media with effusion in guinea pigs: *B Ersoy, B Aktan, K Kilic, MS Sakat, S Sipal* 579
- Sinonasal papilloma: what influences the decision to request a magnetic resonance imaging scan?: *AV Kasbekar, C Swords, B Attlmayr, T Kulkarni, AC Swift* 584
- Clinical commissioning group criteria for rhinoplasty and septorhinoplasty in England: survey of current guidance: *EE Ross, S Anari* 591
- Sex difference in counts of $\alpha 4$ and $\alpha 7$ nicotinic acetylcholine receptors in the nasal polyps of adults with or without exposure to tobacco smoke: *BB Montaña-Velázquez, DA Lara-Sánchez, A Orozco-Sánchez, FJ García-Vázquez, MR Mora-Campos, K Jáuregui-Renaud* 596
- Functional outcome after long-term low-dose trimethoprim/sulfamethoxazole in chronic rhinosinusitis with purulence: a prospective study: *G de Bonnecaze, B Chaput, A Dupret-Bories, S Vergez, E Serrano* 600
- Comparison of basal lamella relaxing incision and combined conventional medialisation and controlled synechiae in functional endoscopic sinus surgery: a randomised prospective study: *DD Maharaj, RS Virk, S Bansal, AK Gupta* 605
- Morphological evidence of biofilm in chronic obstructive sialadenitis: *SA Schrøder, S Eickhardt, T Bjarnsholt, T Nørgaard, P Homøe* 611
- Diagnostic role of mean platelet volume in tonsillitis with and without peritonsillar abscess: *Y Nakao, T Tanigawa, F Kano, H Tanaka, N Katahira, T Ogawa, K Murotani, T Nagata, R Shibata* 615
- Eosinophilic granulomatosis with polyangiitis and laryngeal involvement: review of the literature and a cross-sectional prospective experience: *V Seccia, L Cristofani-Mencacci, I Dallan, S Fortunato, ML Bartoli, S Sellari-Franceschini, M Latorre, PL Paggiaro, C Baldini* 619
- Provision of physiotherapy rehabilitation following neck dissection in the UK: *M Robinson, L Ward, H Mehanna, V Paleri, SC Winter* 624
- Correlation of human papillomavirus infection and clinical parameters with five-year survival in oral squamous cell carcinoma: *SM Adnan Ali, MS Awan, S Atif, N Ali, Y Mirza* 628
- Human papillomavirus prevalence and clinicopathological associations in oropharyngeal squamous cell carcinoma in the Lebanese population: *R Mhaweij, C Ghorra, S Naderi, N Khoueir, W Abou Hamad, AE Melkane* 636
- Management of locally advanced T₃₋₄ glottic laryngeal carcinomas: *R Smee, JR Williams, DP Kotevski* 642
- Case report classics in otolaryngology – head and neck surgery: citation analysis: *LW Edelmayer, JE Fenton, SA Yellin, DJ Shearer, DH Coelho* 651

Short Communication

- Assisted resection of lateral extension of juvenile nasopharyngeal angiofibroma using a sphenopalatine fossa dissector: *A Mishra* 657

Clinical Record

- Treatment of unilateral vocal fold paralysis with ansa cervicalis to recurrent nerve anastomosis in a young adolescent: European case report: *C van den Boer, AL Wiersma, JP Marie, JT van Lith-Bijl* 661

Letters to the Editors

- Long-term effects of allergen-specific subcutaneous immunotherapy for house dust mite induced allergic rhinitis: *P Karthikeyan, DT Pulimoottil, R Sankar* 665

Book Reviews

667
