

Conference Proceedings

The following proceedings from meetings organised by the Society over the past three years are available.

1. Symposium on Optimisation in Aircraft Design. 15th November 1972. Price £2.25.
2. Air Law Group Symposium on International Aircraft Accidents Investigation. 15th January 1973. Price £2.00. Limited quantity only.
3. RAeS/IEE Symposium on Electro-magnetic Interference in Aircraft. 15th February 1973. Price £2.25.
4. Management Studies Group Symposium on Problems and Opportunities for Aerospace and Allied Technology. 7th March 1973. Price £2.00. Limited quantity only.
5. Symposium on Flight Deck Environment and Pilot Workload. 15th March 1973. Price £3.00.
6. Second Flight Simulation Symposium. 16th/17th May 1973. Price £5.00.
7. 13th Anglo-American Aeronautical Conference in London. June 1973. Price £8.00.
8. Air Transport Group Symposium on Air Transport in Europe. 16th January 1974. Price £2.75.
9. RAeS/IEE Symposium on The Application of Electrical Control to Aircraft Propulsion Systems. 20th/21st February 1974. Price £5.00.
10. 2nd International Symposium on Air Breathing Engines in Sheffield. 24th–29th March 1974. Price £12.00.
11. 1974 Spring Convention. A Review of Precious Resources and Their Effect on Air Transport. 15/16th May 1974. Price £5.00.
12. RAeS/IEE Symposium on The Application of Digital Avionic Systems in Aircraft. 12th December 1974. Price £3.25
13. Symposium on Designing from the Inside Out. 6th February 1975. Price £3.25.
14. Man Powered Aircraft Group Symposium. 10th February 1975. Price £3.10.
15. Air Transport Group Symposium on The Changing Balance of Design Requirements and How Designers are Reacting to it. 26th February 1975. Price £3.25.
16. 8th International Aerospace Instrumentation Symposium at Cranfield. 24th–27th March 1975. Price £13.00.
17. Lightning and Static Electricity Conference at Culham. 14th–17th April 1975. Price £15.00.
18. Symposium on The Impact of Economics on the Design and Operation of Aircraft. 23rd/24th April 1975. Price. £4.25.
19. 1975 Spring Convention. The Customer and the Surface Phase of Air Transport. 14th/15th May 1975. Price £7.50.
20. Symposium on The Future of the Airship: A Technical Appraisal. 20th November 1975. Price £3.50.

The prices quoted for the proceedings include postage (by surface mail to addresses abroad); air mail postage is charged extra.

Further details of the papers in these and earlier proceedings are available in a booklet. In some cases there are small booklets containing synopses of the papers.

DECCA AVIONICS

Decca Aviation Electronics—the choice of an ever growing number of users:

Decca Doppler has been installed in over 70 different types of aircraft and supplied to more than 35 different countries. The TANS Computer/Display has been chosen by the British Armed Services.

The Decca Navigator is used by the Royal Air Force, British Airways and in a wide variety of

fixed and rotary wing civil and military aircraft throughout the world.

Decca Loran is used by the RAF, the USAF and many airlines. The MONA area navigation system, certified by the CAA and FAA in the Lockheed TriStar, is now in widespread airline service.

Decca provides a range of airborne VHF Nav/Comm and DME equipment, ordered in quantity by the Ministry of Defence.

Ground equipment includes a

CAA approved NDB, ILS, and a Doppler/VOR Beacon recently awarded a contract by the Portuguese Directorate General of Civil Aviation. The AN/TRN-26 portable TACAN has been chosen by the Ministry of Defence (RAF).

The Decca range of equipment includes electronic warfare systems, ASMI, radio communications and Omega.

Throughout the world, Aviation relies on Decca for safety and reliability in navigation.
