Papers of the British School at Rome

Published on behalf of the British School at Rome

Editor

Mark Bradley, University of Nottingham, UK

The *Papers of the British School at Rome* is a peer reviewed international journal devoted to research on Italy from the whole range of the humanities disciplines. It contains articles on the entire period from prehistory to the contemporary, and with important archaeological news, including the latest discoveries in the city of Rome.

THE BRITISH INSTITUTE AT ANKARA

The British Institute at Ankara (BIAA), founded in 1948 and incorporated in the 1956 cultural agreement between the Republic of Turkey and the United Kingdom, is internationally renowned for conducting world-class research in Turkey and the Black Sea region in the fields of history, archaeology and related social sciences. As one of the British Academy's overseas institutes, the BIAA facilitates the work of UK academics working in Turkey and promotes collaborations with scholars based in Turkey and the Black Sea region. It has offices in Ankara and London, and a dedicated staff of experts from diverse disciplinary backgrounds.

The Institute's premises in Ankara are maintained by a small administrative and research staff, and provide a research centre for visiting scholars and students. The centre houses a library of over 60,000 volumes, research collections of botanical, faunal, epigraphic and pottery material, together with collections of maps, photographs and fieldwork archives, and a laboratory and computer services.

The Institute uses its financial, practical and administrative resources to conduct high-quality research. The overall focus of the research sponsored by the BIAA is on history, society and culture from prehistory to the present day, with particular attention to the ideas of Turkey as a crossroads, Turkey's interactions with the Black Sea region and its other neighbours, and Turkey as a distinctive creative and cultural hub in a global and neighbourhood perspective. The BIAA supports a number of projects grouped within its Strategic Research Initiatives, which reflect current research concerns in the international and the UK academic communities. These are: Habitat and settlement in prehistoric, historical and environmental perspective; Migration, minorities and regional identities; Cultural heritage, society and economy in Turkey; Religion and politics in historical perspective; Climate and its historical and current impact. The Institute also offers a range of grants, scholarships and fellowships to support undergraduate to post-doctoral research.

The BIAA is an organisation that welcomes new members. As its role in Turkey develops and extends to new disciplines, it hopes to attract the support of academics, students and others who have diverse interests in Turkey and the Black Sea region. The annual subscription (discounted for students and the unwaged) entitles members to: copies of the annual journal, *Anatolian Studies*, the annual magazine, *Heritage Turkey*, and newsletters; a 20% discount on BIAA monographs published by Oxbow Books and a 30% discount on books relating to Turkey published by I.B. Tauris; use of the Institute's facilities in Ankara, including the hostel, research library of 60,000 volumes, laboratories, computer services and extensive research and archival collections; attend all BIAA lectures, events and receptions held in London or elsewhere in the UK; nominate candidates for and stand for election to the Institute's Council; discounts on Turkish holidays organised by travel firms closely associated with the BIAA.

Membership including subscription to *Anatolian Studies* costs £50 per year (or £25 for students and unwaged).

To join the Institute or for further information about its work, please contact us at:

British Institute at Ankara
10 Carlton House Terrace
London SW1Y 5AH
