ARIEL

ESSAYS ON THE ARTS AND THE HISTORY AND PHILOSOPHY OF MEDICINE

by *FELIX MARTI-IBÁÑEZ, M. D.*

*Editor-in-Chief of the Medical Newsmagazine, MD;
Former Professor and Chairman, Department of the
History of Medicine, New York Medical College*

This new collection of articles and essays traverses the vast expanse of human experience to present a fresh and exciting view of the world of medicine and the arts. **ARIEL: ESSAYS ON THE ARTS AND THE HISTORY AND PHILOSOPHY OF MEDICINE** combines new concepts, original observations, and imaginative thinking in a book that will give many hours of reading pleasure. One of the outstanding features of this collection of 42 essays and articles is the inclusion of the author's 13 original expanded versions of his introductions to the installments of **THE EPIC OF MEDICINE**, which originally appeared in the medical newsmagazine, *MD*. As a unit they provide a dramatic and cogent preface to the history of medicine. The other essays and articles in this volume cover a wide range of both historical and contemporary subjects.

ARIEL is a book for those who choose to explore the wondrous paths of the human mind. It is a book for physicians, philosophers, sociologists, educators, students—all who know the excitement of discovery and seek new ideas. 292 PAGES/CLOTH BOUND/\$6.50

Partial Table of Contents

The Life of William Harvey

SIR GEOFFREY KEYNES

*Winner of the James Tait Black Memorial Prize
for the best biography of 1967*

'By far the best biography about the discoverer of the circulation of the blood. It will be a classic.' **The Lancet**

'... will rank as the most complete and authoritative life of Harvey for many years to come.' *Nature Frontispiece in colour, 35 plates 90s net*

A History of the Royal College of Physicians of London

SIR GEORGE CLARK

'It is a history through more than three centuries of every side of medical practice in a rapidly developing society. The book maintains throughout a quality of clarity and readability such as few writers can command...' *Geoffrey Keynes in British Medical Journal 2 volumes (VOL I 14 plates 55s net; VOL II 11 plates 63s net)*

Elias Ashmole (1617-1692)

*His Autobiographical and Historical Notes, his Correspondence, and
Other Contemporary Sources Relating to his Life and Work*

Edited, with a Biographical Introduction, by C. H. JOSTEN

'That this large body of material has been presented to us with such lucidity and balance must be another reason for gratitude in assessing what can surely be recognized as a quite outstanding enterprise in its own field.' *The Times Literary Supplement 5 volumes 26 plates £18 18s net*

The Salernitan Questions

*An Introduction to the History of Medieval and Renaissance
Problem Literature*

BRIAN LAWN

'... a work of rare scholarship, that opens up a multitude of new sources and elucidates as many old ones...' *Medical History*

'... unusual and fascinating study...' *Medium Aevum Frontispiece 63s net*
