Cloning and the Constitution

AN INQUIRY INTO GOVERNMENT POLICYMAKING
AND GENETIC EXPERIMENTATION

Ira H. Carmen

Recombinant DNA, one of the most significant scientific breakthroughs of recent years, has raised important social and constitutional questions. This first in-depth examination of genetic engineering from the point of view of social science breaks new ground in political science and Constitutional law studies and will be of lively interest to political scientists, attorneys, judges, ethicists, decisionmakers in government, administrative officers of universities, biological scientists, and concerned readers generally.

In 1973, when molecular biologists found ways to recombine genetic material and thus clone new life forms, many questions arose concerning the newly realized potential both for good and for danger: Scientists had penetrated new realms of knowledge and discovered resources of inestimable value to medicine, but at what risk of new diseases?...at what threat to ecological balance? In exploring these fundamental questions, Ira H. Carmen's research included interviews with both recombinant-DNA researchers and with personnel of the National Institutes of Health who oversee this work at leading academic centers.

Among the features of the book are a discussion of science and the First Amendment, a summary and analysis of the debate involving recombinant DNA, and a consideration of how science, politics, and law influence that debate. For all who are concerned with constitutional aspects of genetic engineering, *Cloning and the Constitution* will come as an enlightening and thought-provoking contribution to one of the most important issues of modern science and society.

Ira H. Carmen, a member of the Political Science department of the University of Illinois, is author of two books on constitutional subjects – *Movies, Censorship, and the Law* (University of Michigan Press, 1966) and *Power and Balance* (Harcourt Brace Jovanovich, 1978) – and numerous articles in law reviews and other professional journals.

It only makes sense that you get all this in a political science text from the most prominent publisher of legal texts for over 100 years.

American Government

Susan Welch, John Gruhl, Michael Steinman, and John C. Comer, *University of Nebraska, Lincoln*

American Government is a mainstream introductory text that focuses on government responsiveness, or who gets what from government and why. The text presents a "decision making" approach to American government that helps students analyze important political issues and problems. Chapters of special note include a chapter on the media, and a chapter on military spending and nuclear policy. Special chapter features designed to involve your students in the chapter material include: "You are There" opening scenarios, brief "Historical Perspectives," "Focus on an Issue" and more.

Supplements include: Instructor's Manual, Test Bank, Study Guide, Computerized Testing, Videotape, Transparency Masters, Computer Simulations and exercises.
676 pages, Hard cover, Full color, 1986

Politics in America: The Ability to Govern

Lance T. LeLoup, *University of Missouri, St. Louis*

This text gives a comprehensive and balanced introduction to U.S. government and policy highlighting the theme of governability (the ability of the system to be effective and responsible). The text also begins coverage of the political economy in chapter four and continues wherever appropriate throughout the text. A chapter on the mass media and on the federal budgets is also included. Pedagogical aids include: "Political Insights," "People in Politics," and a "Self Review" summary.

Supplemental material includes: Instructor's Manual with Test Bank, Videotape, Transparency

Masters, Computerized Testing, Study Guide, and a Politics in America Update.
674 pages, Full Color, Hard cover, 1986

American Government and Politics Today

Steffen W. Schmidt and Mack C. Shelley, *both at Iowa State University*
Barbara A. Bardes, *Loyola University*

American Government and Politics Today is a traditional introductory text containing a separate chapter devoted to the media, and strong coverage of civil liberties and minority groups. Special chapter features include: "What If" opening scenarios that give interesting alternatives to historical or current situations; "Did You Know" facts in the margins that provide interesting political facts; "Profiles" which introduce students to noteworthy individuals involved in government; and a "Getting Involved" section that encourages students to think about their own role in government and the impact they can have upon the system.

Supplementary material includes: Instructor's Manual with Test Bank, Interactive Study Guide (software), Computerized testing, Videotape.
600 pages, Hard cover, Full color, 1985

American Government and Politics Today: The Essentials

Barbara A. Bardes, *Loyola University of Chicago*
Steffen W. Schmidt and Mack C. Shelley, *both at Iowa State University*

This text is an updated and condensed edition of *American Government and Politics Today* mentioned above. The essentials version does not include a local government chapter and the policy material is condensed. The text retains the pedagogical features of the main text and is heavily illustrated in full color.

Supplementary material includes: Instructor's Manual with Test Bank, Study Guide, Videotape, Computerized testing.
470 pages tentative, Paper back, Full color, 1986

The OTA Reports on High Technology Weapon Systems**Strategic Defenses****Two Reports by the Office of Technology Assessment**

To contribute to the worldwide debate on President Reagan's Strategic Defense Initiative, Princeton University Press presents two important new studies on the implications of the deployment of weapons in space. These works address pressing interests of the American and international public in what is now popularly called "Star Wars." As John H. Gibbons, Director of the OTA, remarks in his foreword, the OTA has not attempted to resolve the political, military, and technical controversies over the Strategic Defense Initiative but has tried to clarify the issues and enhance the quality of the discourse.

496 pages. 98 illus. P: \$12.50. C: \$50.00

Conventional Forces and American Defense Policy**An *International Security* Reader**

Edited by *Steven E. Miller*

These essays published in the journal *International Security* analyze several major areas of American conventional defense: Reagan's defense policy, the state of the NATO-Warsaw Pact conventional balance, the effectiveness of NATO's conventional strategy, and problems associated with projecting military power in the Third World.

The volume contains essays by *Lawrence J. Korb* and *Linda P. Brady*; *Barry R. Posen* and *Stephen Van Evera*; *Jeffrey Record*; *John Mearsheimer*; *Benjamin S. Lambeth*; *Richard K. Betts*; *Edward N. Luttwak*; *Samuel P. Huntington*; *Eliot A. Cohen*, and *Joshua M. Epstein*. P: \$8.95. C: \$32.50

Political System and Change**A *World Politics* Reader**

Edited by *Ikuo Kabashima* and *Lynn T. White III*

The journal *World Politics*, published for Princeton's Center of International Studies by Princeton University Press, has been a major forum for refining the "systems" or "functional" approach to political change—and for challenges to that approach, and for essays that compare it with alternatives such as culturalist or dependency theories. *Political System and Change* includes articles on the analytic categories political scientists have developed for understanding the Third World. Many essays in this anthology are concise summaries of later books that are now famous landmarks in the study of comparative politics.

The volume contains essays by *Lynn T. White III* and *Ikuo Kabashima*; *David Easton*; *Gabriel A. Almond*; *J. Roland Pennock*; *Samuel P. Huntington*; *Ted Gurr*; *Robert D. Putnam*; *Claude Ake*; *C. S. Whitaker, Jr.*; *Howard J. Wiarda*; *Ikuo Kabashima*; *Harry Eckstein*, and *Tony Smith*. P: \$8.95. C: \$32.50

Democratic Socialism in Jamaica**The Political Movement and Social Transformation in Dependent Capitalism**

Evelyne Huber Stephens and *John D. Stephens*

"This book is not only one of the best assessments of the Manley regime, but one of the best country studies I have read." —*Orlando Patterson, Harvard University*

LPE: \$14.50. C: \$55.00

Making the Managerial Presidency**Comprehensive Reorganization Planning, 1905–1980**

Peri E. Arnold

This book is an extensive and systematic study of efforts to reorganize the agencies of the executive branch of the United States government, projects that have taken place eleven times since 1900 and that have been the most prominent kind of administrative reform of our century. Beginning in 1905, planners initiated a series of attempts to make the administration more subordinate to the president and more coherent than it had been under congressional authority in the nineteenth century. Peri Arnold analyzes the process of comprehensive executive reorganization in detail, tracing the managerial conception of the presidency from its beginnings through its victories at mid-century to current indications of serious weaknesses. \$37.50

 Basil Blackwell

"One of the few sources for intelligent and accurate analysis of Soviet current events." —*The Nation*, on Roy Medvedev

China and the Superpowers
ROY MEDVEDEV

China, the Soviet Union and the United States together form the complex political and strategic triangle that dominates world politics today. This book, written by distinguished Soviet historian and philosopher Roy Medvedev, offers a timely and penetrating analysis of this superpower configuration. Examining the historical traditions, economic conditions, and social systems of the three countries, Medvedev focuses on the contrasts and conflicts which strain constructive relations. His candid and judicious assessment of possible future developments reflects a magnificent insight into current political affairs.

"Countries with global ambitions usually either have or have to create a chief adversary. The Soviet Union's global ambitions have mainly been ideological, while those of the United States are chiefly economic. The global ambitions of the Chinese People's Republic were closely connected with Maoism, which managed to thrive with two chief adversaries, one being Soviet revisionism, the other the imperialist policies of the United States. With the death of Maoism and the end of the global ambitions of China's brand of communism, it was only natural that regional interests would render unnecessary China's desire to see the United States as a real adversary. Similarly, Chinese antagonism towards the Soviet Union has lost its ideological and political point, and only conflicts of a local character, such as Afghanistan and Cambodia, remain as serious obstacles to the normalization of Sino-Soviet relations."

THE SUSTAINING HAND
Community Leadership and
Corporate Power

*Bryan D. Jones and
Lynn W. Bachelor*

Can political leaders act independently of economic elites when the issue of the economic viability of the community is raised? The answer has great import for political theory. This book seeks to uncover the links between the actions of business and political decision makers by studying the responses of public officials in three Michigan "auto cities"—Detroit, Flint, and Pontiac—to plant-location choices made by General Motors. "An excellent case analysis of urban political economy . . . interesting, sophisticated, well written. It is sure to be widely discussed."—Clarence N. Stone.

TO RUN A CONSTITUTION
The Legitimacy of the
Administrative State

John A. Rohr

On the eve of the bicentennial of the Constitution, Rohr's argument advances a new, normative theory of public administration. "Rohr seeks to legitimize the administrative state in history, law, and 'principles.' This is a major addition to the literature of public administration. . . ."—Dwight Waldo. "This is a very important book that *should* be required reading for all public administrators in the United States. The scholarship is the strongest of any book published in public administration in a decade or more. It will be a classic."—David H. Rosenbloom.

Cities of the Prairie Revisited
The Closing of the Metropolitan Frontier
By Daniel J. Elazar

Cities of the Prairie Revisited examines the far-reaching effects of Lyndon Johnson's Great Society and Richard Nixon's New Federalism on local government in the United States. The first comparative urban study ever conducted in America over significant periods of time, this new book examines how 10 metropolitan areas studied earlier have adapted to changes since the Kennedy Administration. It considers the efforts of the federal and state governments to impose new standards and ways of doing business, analyzing the struggle between federalism and managerialism in the local political arena. Reforming American Government

THE BICENTENNIAL PAPERS OF THE COMMITTEE ON THE CONSTITUTIONAL SYSTEM

edited by Donald L. Robinson

334 pages • 1985 • \$37.50 (hc) • Text \$13.85 (pb)

"A splendid contribution to the important debate about American governmental processes. Valuable, provocative, informative—this set of readings will stir thoughtful reexamination of what kind of government is needed for the future."

—Thomas E. Cronin,
Colorado College

The Second Indochina War

A SHORT POLITICAL AND MILITARY HISTORY, 1954–1975

William S. Turley

ca. 176 pages • March 1986 • \$24.95 (hc)

"Deftly written and thoroughly researched. William Turley is eminently qualified to write on the communist side of the war, making this book a unique contribution to the growing literature on the Vietnam experience. His description of communist strategy is sure-handed, and his ability to portray the war as seen from both Hanoi and Washington is one of the highlights of the book."

—William J. Dulker,
Pennsylvania State University

The USSR

THE POLITICS OF OLIGARCHY

Second Edition, Fully Revised and Updated

Darrell P. Hammer

ca. 256 pages • March 1986 • \$35 (hc)
Text \$14.95 (pb)

"A clear, objective, readable account of the realities and complexities of the contemporary Soviet political system along with background information about the system's Russian setting and historical development and ideology. It is a first-class introductory college-level textbook by one of our foremost scholars in Russian studies."

—Robert C. Tucker,
Princeton University

New Directions in Comparative Politics

edited by Howard J. Wiarda

239 pages • 1985 • \$37.50 (hc) • Text \$16.95 (pb)

"Timely and insightful. These essays are succinct and fair in judging what has been done in comparative politics. Provocative and wide-ranging in suggesting what can and should be done. An indispensable volume for any student of this subject."

—Samuel P. Huntington,
Harvard University

World Enough and Time

Successful Strategies for Resource Management
Robert Repetto

"This book is refreshing for what it is not. Neither a laundry list of worthy proposals nor a survey of broad trends, *World Enough and Time* zeroes in on the differences between the most successful and least successful uses of natural resources to promote economic growth. . . . The book makes clear that given the political will, we are in a position to make enormous progress." —Dr. Harrison Brown, former editor, *Bulletin of the Atomic Scientists*. \$16.00 cloth; \$5.95 paper

The Prevention of Genocide

Leo Kuper

In the first full-scale study of the prevention of genocide, a distinguished advocate for human rights offers specific strategies both within and outside the United Nations. These include the creation of a technical advisory service to assist governments to respond constructively to claims for self-determination and the establishment of early warning systems that would monitor events around the world and exert pressure on offending governments. \$22.00

Weapons of the Weak

Everyday Forms of Peasant Resistance
James C. Scott

Scott presents a sensitive picture of the constant and circumspect struggle waged by peasants against their oppressors, showing that techniques of evasion and resistance such as desertion, pilfering, sabotage, and arson may represent the most significant and effective means of class struggle in the long run.

"A major contribution to peasant studies, Malaysian studies, and the literature on revolutions and class consciousness." —Benedict R. Anderson \$35.00

Forecasting Political Events

The Future of Hong Kong

Bruce Bueno de Mesquita, David Newman, and Alvin Rabushka

What will happen to Hong Kong when Great Britain transfers sovereignty and administrative authority to China in 1997? This book forecasts political events in Hong Kong by applying an innovative formal interest group theory of politics that both explains the process by which policy decisions are made and predicts the specific resolution of concrete issues. \$22.00

The Burger Court

The Counter-Revolution That Wasn't
edited by Vincent Blasi; foreword by
Anthony Lewis

This major reassessment of the Burger Court examines the Court's work in such controversial areas as freedom of the press, family law, racial discrimination, and criminal procedure — and reaches the surprising conclusion that its record is less conservative than had been expected.

"An intellectual treat." —Samuel Krislov,
Constitutional Commentary \$12.95

The Least Dangerous Branch

The Supreme Court at the Bar of Politics

Alexander M. Bickel; with a new foreword by
Harry Wellington

This classic book on the role of the Supreme Court in our democracy traces the history of the Court, assessing the merits of various decisions along the way.

"Dozens of books have examined and debated the court's role in the American system. Yet there remains great need for the scholarship and perception, the sound sense and clear view Alexander Bickel brings to the discussion." —Donovan Richardson, *The Christian Science Monitor* \$12.95

Can Modern War Be Just?

James Turner Johnson

Johnson argues that, despite mankind's capability of destroying itself through nuclear technology, it is still possible to think in terms of a "just war."

"[A] wise, prudential, and moral thesis. . . . A most important book, one that all Americans who can should read." —George Armstrong Kelly, *Political Science Quarterly*

"Morally sensitive and intellectually bold."
—Michael Walzer \$8.95

POWERS AND LIBERTIES

The Causes and
Consequences of the
Rise of the West

JOHN A. HALL

"This is a major contribution to an important debate. Why did the West rise? What are the general conditions under which societies develop, stagnate and decay? These are the issues covered. It is written with great clarity and verve and contains many interesting and striking ideas... it will attract both readers and reputation."

—Michael Mann, *London School of
Economics and Political Science*

NOW IN PAPERBACK

Schooling and Work in the Democratic State

MARTIN CARNOY AND HENRY M. LEVIN

Rejecting both traditional views and the more recent Marxian perspective, this study provides a new explanation of the relation between schooling and work in the democratic, advanced industrial state. This state is seen as an arena for struggle between forces pushing for egalitarian, democratic reforms and those seeking to use the resources of the state for private capital accumulation. Depending upon which side has primacy at the moment, schools will reflect one set of goals over the other. The authors develop their theory through interpreting the dynamic relation between U.S. schools and the workplace. Based on this approach, they predict changes in both schooling and work as well as the forms that future conflicts between the contending forces are likely to take. Cloth, \$32.50; paper, \$10.95

Stanford University Press

CHARLES C THOMAS • PUBLISHER

New! THE RIGHT TO KEEP AND BEAR ARMS: A Continuing American Dilemma by **Earl R. Kruschke**. Ongoing controversies surrounding the right to bear arms receive clear and thoughtful explication in this text. The author probes both the collective and individual sides of the issues, and he excerpts judicial opinions that support both viewpoints. He also proposes possible solutions to the dilemma. Appendices review pertinent provisions in state constitutions and analyze the bases for state and federal regulations. '85, \$24.50

CORPORATIONS OF CORRUPTION: A Systematic Study of Organized Crime by **David L. Herbert and Howard Tritt**. This broad, modern overview of organized crime encompasses continuing criminal conspiracies as well as more traditional organized crime groups. It covers the history of organized crime, its business enterprises, legal issues, police intelligence, and prosecutorial tactics. '84, \$27.50

New! THE ECONOMICS OF PROSTITUTION by **Helen Reynolds**. Starting from the premise that it will exist regardless of its legal status, the author provides an economist's perspective of prostitution. She applies incentive/disincentive principles and documents the four major environmental models for prostitution in the United States, which she terms the *laissez faire*, *regulation*, *control*, and *zoning* models. Analyses and recommendations for government officials conclude the text. '86, \$24.75

New! AGING AND PUBLIC POLICY: Social Control or Social Justice? by **John B. Williamson, Judith A. Shindul and Linda Evans**. The authors analyze the shift in public policy toward the aged from social justice to cost-effectiveness. They review policy history, explain current programs' imbalances, and dissect evolving American ageism. They also recommend balanced alternatives. '85, \$34.75

1983 (0-07-046549-5)
276 pages - softcover

A review of basic statistics and how to calculate them with SPSS-X, including descriptive statistics, hypothesis testing, nonparametric procedures, correlation, analysis of variance and regression. With numerous output examples and exercises for each chapter.

SPSS-X ADVANCED STATISTICS GUIDE

Marija J. Norusis, 1985 (07-046548-7)
432 pages — softcover

A software reference for researchers and a text for the multivariate statistics course. Explains statistical concepts and SPSS-X procedures for factor, discriminant, cluster and loglinear analysis as well as multivariate analysis of variance. Includes exercises and an appendix that reviews basic operations.

GRAPHICS & TABLES

Other manuals available: *SPSS GRAPHICS™* for our new interactive graphics package and *SPSS-X TABLES™* — the add-on option to SPSS-X that lets you make camera-ready tables for publication or presentation.

The Judicial Process

An Introductory Analysis of the Courts of the United States, England, and France, *Fifth Edition*

HENRY J. ABRAHAM, *University of Virginia*. "An indispensable book for students—beginning or professional—of American constitutionalism and the legal process."—Anthony Lewis, *Columnist, The New York Times* (on the fourth edition). Written by one of our country's most astute observers of the court, this book examines the theory, practice, and people behind the judicial processes in three western nations. The fifth edition has been thoroughly revised and updated to chronicle key developments under Carter and Reagan, and discusses major changes in judicial processes, powers, and roles both at home and abroad.

February 1986 604 pp.; 4 tables paper \$13.95*

Also by Henry J. Abraham

Justices and Presidents

A Political History of Appointments to the Supreme Court, *Second Edition*

"Essential reading for students of both the Supreme Court and the Presidency."—Martin Shapiro, *U.C.L.A. Law School*. "A masterpiece of scholarly analysis. The pathbreaking achievement of 1974 has been thoroughly updated to incorporate the scholarship and events of the last decade. It remains the definitive work in the field of Supreme Court appointments."—Stanley C. Brubaker, *Colgate University*. This mini-history of the Court, now expanded by more than a third, discusses the selection, nomination, and appointment of each of the 102 justices who have sat on the U.S. Supreme Court since 1789.

1985 430 pp. paper \$9.95* cloth \$28.00

Free Government in the Making

Fourth Edition

ALPHEUS MASON, *Princeton University*, and GORDON E. BAKER, *University of California, Santa Barbara*. "An absolutely indispensable book for American political philosophy and thought courses."—Joseph E. Walsh, *Stockton State College* (on the third edition). An authoritative and comprehensive collection of documents on American political thought, this classic anthology has now been thoroughly revised and updated. The fourth edition includes extensive new material on women's role in the development of American political thought and documentation of the contribution of minorities.

1985 992 pp. \$25.00*

The Moral Dimensions of Politics

RICHARD J. REGAN, *Fordham University*. When, if ever, should political authority coerce citizens to act in morally responsible ways? Is one nation ever justified in intervening militarily in another nation's revolutionary war? This book explores the moral dimensions of public policy from an Aristotelian-Thomistic philosophical perspective. Regan begins with a thorough exposition of natural law theory and then moves on to analyze its implications for areas of public policy as diverse as public morals, social justice, and the morality of warfare.

March 1986 256 pp. paper \$10.95* cloth \$24.95

*To request an examination copy of books marked with an asterisk, write on school letterhead giving full course information including course name, level, and enrollment to College Humanities Marketing Dept.

Ripe for Resolution

Conflict and Intervention in Africa

A Council on Foreign Relations Book

I. WILLIAM ZARTMAN, *Johns Hopkins School of Advanced International Relations*. "A pioneering study of first-rate importance to academic specialists and policymakers alike."—Alexander L. George, *Stanford University*. "An invaluable contribution."—M. Crawford Young, *University of Wisconsin, Madison*. Looking at case studies of local conflict and external response in four African regions, this book analyzes the nature of African conflict and discusses how foreign powers can help to control such conflicts without resorting to the use of military force.

1985 260 pp.; maps \$24.95

Nuclear War, Nuclear Proliferation, and Their Consequences

Edited by SADRUDDIN AGA KHAN, *Groupe de Bellerive*. In June 1985, the influential Geneva-based Groupe de Bellerive convened a colloquium for eminent scientists, strategists, and politicians to discuss the subject of nuclear war. This volume records the proceedings of that historic meeting, which included speakers such as Senator Edward Kennedy, Pierre Trudeau, Dr. Carl Sagan, and Kenneth Galbraith, and provides essential reading for anyone concerned about the prospects for our planet.

February 1986 350 pp. cloth \$39.95 paper \$19.95

Politics in the Communist World

LESLIE HOLMES, *University of Melbourne*. This up-to-date volume compares communist theory with the diverse practices of more than twenty communist states. After an initial overview of the most influential communist theorists—Marx, Engels, Lenin, Stalin, and Mao—the book then discusses how communists take and maintain power, the people and processes behind politics in the different systems, the relations among communist states, and various approaches to the study and understanding of politics in the communist world.

May 1986 420 pp. cloth \$34.95 paper \$8.95*

The Nature of American Politics

Second Edition

H.G. NICHOLAS. On the first edition: "The book can be read profitably by the general reader and by students. It says succinctly what others have often belabored, and it does so in a clear and readable style."—*Political Science Quarterly*. "A comprehensive survey of the American political system in just over 100 pages is an achievement in itself. For the survey to be highly readable, illuminating and spiked with wit is even more remarkable."—*The Economist*

March 1986 160 pp. cloth \$16.95 paper \$8.95*

WOMEN: A World Report

A NEW INTERNATIONALIST BOOK

An indispensable reference work, this book assembles the findings of the United Nations Decade for Women (1975-1985), augmented by research carried out by The Oxford University Centre for Cross-Cultural Research on Women. A series of 10 personal reports by women about women is included. Essayists are Toril Brekke, Angela Davis, Anita Desai, Buchi Emecheta, Marilyn French, Germaine Greer, Elena Poniatowska, Nawal el Saadawi, Manny Shirazi, Debbie Taylor, and Jill Tweedie. 384 pp. \$18.95

THE PRESS AND THE PRESIDENCY:

From George Washington to Ronald Reagan

JOHN TEBBEL, *New York University*, and SARAH MILES WATTS, *State University of New York*. Here at last is an authoritative, full-scale history of that most ambivalent of American political relationships: the interaction between the White House and the news media. "A much-needed historical overview... lively 'narrative history'... recommended."—*Library Journal* 628 pp. \$24.95

THE DECLINE OF POPULAR POLITICS:

The American North, 1865-1928

MICHAEL E. MCGERR, *Massachusetts Institute of Technology*. A dramatic transformation in the politics of the American North occurred after the Civil War—a transformation resulting in a decline in voter participation that foreshadowed the political patterns of today. McGerr vividly recreates a vanished world of democratic ritual and charts its disappearance in the rapid change of industrial society. 307 pp. \$24.95

Three unique and important views of the black struggle...

THE LONGEST DEBATE

A Legislative History of the 1964 Civil Rights Act

By Charles and Barbara Whalen. In a fascinating look at the inner workings of Congress, the authors tell the dramatic story of the passage of the Civil Rights Act—from the early hearings before the House Judiciary Committee to Lyndon Johnson's efforts on behalf of the bill, the bipartisan House victory, the famous Senate filibuster, and finally the passage of the landmark legislation. Appendix of major provisions of the Act.

MENTOR 0-451-62471-8 \$4.50/\$5.95*

LAY BARE THE HEART

An Autobiography of the Civil Rights Movement

By James Farmer. The founding director of CORE provides a deeply personal look at an era of heroic struggle. "One of the most glorious chapters in American history... a truthful book by one who lived and led in a time of great truths."—*New York Times Book Review*. "Bristles with equal parts of insider history, fascinating anecdotes, personal confession, and a sort of joyous defiance."—*Los Angeles Times Book Review*.

PLUME 0-452-25803-0 \$8.95/\$11.95*

FREEDOM RISING

By James North. Journalist North spent four years traveling throughout southern Africa, talking to both famous and ordinary people to create this account of the history, origins, and philosophy of apartheid. "It will be hard for anyone to feel fully informed about what is at stake in South Africa without reading this book."—James Fallows in *The Atlantic*. "One of the most important books written about South Africa at this juncture in history."—Claude Brown, author of *Manchild in the Promised Land*.

NAL

"Makers of Modern Strategy from Machiavelli to the Nuclear Age is studded with brilliant essays that together comprise a unique and indispensable contribution to all those concerned with the role of strategy in statecraft."

—Alexander L. George, *Stanford University*

Makers of Modern Strategy from Machiavelli to the Nuclear Age

Edited by *Peter Paret*

With *Gordon A. Craig* and *Felix Gilbert*

The essays in this volume analyze war, its strategic characteristics and its political and social functions, over the past five centuries. The diversity of its themes and the broad perspectives applied to them make the book a work of general history as much as a history of the theory and practice of war from the Renaissance to the present. *Makers of Modern Strategy from Machiavelli to the Nuclear Age* takes the first part of its title from an earlier collection of essays, published by Princeton University Press in 1943, which became a classic of historical scholarship. Three essays are reprinted from the earlier book; four others have been extensively revised. The rest—twenty-two essays—are new. P: \$12.95. C: \$45.00

Congress in Action

For more information about how you might use **Congress: We The People** call 1-800-LEARNER. For review copies of the Study Guide and Faculty Guide which have been designed to accompany the series call the American Political Science Association, 1-202-483-2512.

Educational Excellence
Through Telecommunications

Annenberg/CPB Project

Congress: We The People is an exciting new resource for political science courses on Congress and the legislative process.

The series includes 26 half-hour video cassettes that show the day-to-day activities of Congress and provide analysis and commentary by leading political scientists.

Faculty are finding that **Congress: We The People** is an excellent supplement to existing courses. Among the topics addressed are: congressional elections; committee leadership; lobbying; constituent relations; lawmaking; budgeting; ethics; and congressional relations with the President, courts and the media.

The series is also being used as a complete broadcast telecourse for students who complete most of their study off-campus, and as a resource for noncredit and informal study.

Congress: We The People is hosted by Norman Ornstein, Catholic University, and Edwin Newman, noted journalist. It was produced by the American Political Science Association and WETA, the public television station in Washington, D.C.

A special feature of **Congress: We The People** is its adaptation for use with any of following three commonly used textbooks:

- **Congress and Its Members** by Roger H. Davidson and Walter J. Oleszek, Congressional Quarterly Press, Washington, D.C. 1985.
- **The United States Congress: People, Places and Policy** by Charles O. Jones, the Dorsey Press, Homewood, Illinois, 1982.
- **Congress: Process and Policy** by Randall B. Ripley, W.W. Norton and Company, New York, 1983.

**

Announcing a major new volume designed for the political science curriculum, exploring the American polity and the interactions between law and politics. . . .

AMERICAN CONSTITUTIONAL INTERPRETATION

WALTER F. MURPHY
JAMES E. FLEMING
WILLIAM F. HARRIS, II

Spring 1986 publication

Approximately 1100 pages

- I. The Theoretical Context of Constitutional Interpretation
- II. What Is the Constitution?
- III. Who Are the Authoritative Interpreters?
- IV. How Does One Interpret the Constitution?
- V. The Constitution in the Crucible of Crisis

The authors, all political scientists, develop the art and discipline of constitutional interpretation by analyzing the interpretive enterprise itself. They show how constitutional interpretation is a necessary part of the study of politics, connecting the abstractions of political theory to the concrete realities of public policy.

**

Examination copies available to teachers of courses fully devoted to American constitutional law who want to give AMERICAN CONSTITUTIONAL INTERPRETATION serious consideration toward adoption as their students' class text. Provide course title/description, semester, enrollment, & your college mailing address. Copies for their own personal reference are available to teachers at our 20% academic discount.

The Rhetoric of Economics

Donald N. McCloskey

Economists view themselves today as scientists and social engineers. In this pathbreaking and lively book, Donald N. McCloskey penetrates the scientific rhetoric of economics and shows the "hardest" of the social sciences to be literary even when mathematical, rhetorical even when nonverbal. In general argument and detailed case studies, he reveals the extent to which economic discourse employs metaphor, authority, symmetry, and other rhetorical means of persuasion. Students and scholars in economics, social science, and rhetorical analysis, and anyone interested in the art and consequences of scientific persuasion, will find the result a fresh and witty analysis of economic methodology—one that humanizes the discipline. It will be part of the conversation in the social sciences for a long time to come.

At the center of McCloskey's study is a detailed explication of several texts of economic scholarship. Scientists and scholars, he argues, are above all writers; it is therefore no surprise that their writings can be illuminated by literary methods. He finds that while economists claim to allow their evidence to speak for itself, and to rigorously apply canons of the "scientific method," they in fact exploit the full range of rhetoric devices. Writings of Paul Samuelson, Robert Solow, Milton Friedman, Gary Becker, Richard Muth, and Robert Fogel are each treated to McCloskey's literary criticism—as are such apparently non-literary subjects as the law of demand, Euler's theorem, and the statistics of purchasing power parity.

McCloskey also explores the troubled rhetoric of econometrics and the failures of prediction in economics, and discusses the field's new uneasiness over methodology. Rhetorical candor, he argues, would improve the discipline. Once economics is seen as using the common topics of human discourse rather than a denatured methodology, it will become more accessible to non-economists and will be understood for what it is—part of a broader conversation of mankind.

INCREASE YOUR PRODUCTIVITY AT

The SPSS Spring Training Program.

A leader in statistical and reporting software for over 18 years, SPSS Inc. is offering training seminars using SPSS® software to improve your data analysis skills.

At these seminars, you'll employ SPSS, the most comprehensive statistical package for performing simple or complex tasks, regardless of data size. You'll see it respond to simple English commands in both mainframe and PC environments.

Then you'll learn why SPSS is the choice of hundreds of thousands of people in business, government agencies and academic institutions in over 90 countries. Most important, you'll discover how easily SPSS can put you in command of your own data analysis.

SPSS SPRING TRAINING SEMINAR SCHEDULE

SPSS-X™ Mainframe Seminars

- Introduction for New Users
April 9-10 San Antonio
June 23-24 Chicago
- Advanced Data Management
June 25-26 Chicago
- Introduction to SPSS Graphics
May 22 Chicago

SPSS/PC+™ Micro Seminars

- Introduction to SPSS/PC+
April 1-2 San Francisco
May 6-7 Philadelphia
(Cherry Hill, N.J.)
June 3-4 Washington, D.C.
- Advanced Applications
April 3-4 San Francisco
May 8-9 Philadelphia
(Cherry Hill, N.J.)
June 5-6 Washington, D.C.

Seminars Using SPSS-X & SPSS/PC+

- Report Writing with SPSS-X & SPSS/PC+
April 11 San Antonio
- Introduction to Statistical Analysis
May 6-8 Chicago
- Advanced Statistical Analysis
June 16-18 Chicago
- Introduction to the TABLES Procedure
April 29 Chicago

St. Martin's Press at Your Service. . .
with Outstanding

Public Administration in America

Third Edition

GEORGE J. GORDON, Illinois State University

A balanced, comprehensive, readable introduction to the field that focuses throughout on the politics of bureaucracy—the interrelationship between politics and public administration—but also deals with managerial topics and important theoretical and conceptual concerns. The text has been extensively updated for this edition to reflect recent developments in the political arena and in the field and, in particular, to indicate the impact of Reagan's presidency on public administration.

640 pages (probable). Publication: February 1986
Instructor's Manual available

Current Issues in Public Administration

Third Edition

Edited by FREDERICK S. LANE, Baruch College of The City University of New York

A well organized, comprehensive collection of articles on topical issues in contemporary public administration. The articles are, without exception, accessible to students with little or no background in the field. Of the 35 readings included, 29 are new to this edition.

Paperbound. 526 pages (probable). Publication: August 1986

Public Personnel Administration in the United States

Second Edition

N. JOSEPH CAYER, Arizona State University

A brief, basic introduction to the central issues managers must consider in dealing with public personnel. This new edition includes expanded treatment of labor-management relations, new discussions of comparable worth and of strategies for dealing with cutback management, and 16 new case studies with accompanying exercises.

Paperbound. 189 pages. Publication: December 1985

Texts for a Wide Range of Courses

American Democracy

LEWIS LIPSITZ, The University of North Carolina, Chapel Hill

A major new textbook that provides a comprehensive, mainstream, but unusually stimulating introduction to American government and politics. It covers all the standard topics of the course but goes beyond this coverage to reveal the shortcomings and successes, the constraints and prospects of the democratic system. The organizing concept of the text—the question of “how democratic are we?”—helps students distinguish between the democratic ideal and actual practice. With more than 80 boxed inserts that provide a comparative, cross-national perspective; illustrated with more than 200 photographs and more than 50 maps, charts, and graphs.

614 pages. Publication: February 1986

Accompanied by an *Instructor's Manual*, *Study Guide*, and *Test Item File* (available in either bound book format or on floppy disk)

Classic Readings in American Politics

Edited by PIETRO S. NIVOLA, University of Vermont
and DAVID H. ROSENBLOOM, Syracuse University

With a Foreword by Theodore J. Lowi, Cornell University

Brings together 44 readings of enduring intellectual value—key articles, book excerpts, essays, and cases that have shaped our understanding of the American political system. Organized topically around the major areas of concern in the introductory American government course, the book includes the work of the most distinguished observers of the American political scene, past and present, from de Toqueville and the Federalists to James Q. Wilson, James David Barber, and Seymour Martin Lipset.

Paperbound. 670 pages. Publication: February 1986

Instructor's Manual available

Technology and the Future

Fourth Edition

ALBERT H. TEICH, American Association for the Advancement of Science

A balanced, wide-ranging reader that offers the diverse view of scientists, engineers, philosophers, and policy makers on key issues in science, technology, and society. The Fourth Edition features a new section on using technology, with articles on innovations in national security and biotechnology.

Paperbound. 408 pages. Publication: January 1986

The Future of Nuclear Deterrence

George H. Quester, University of Maryland

A long-time observer of American nuclear strategic thinking, Quester analyzes the future of nuclear deterrence in light of its past and discovers that the fundamental tenets of nuclear deterrence remain unchanged. He considers the tensions present in a society threatened by the prospect of a nuclear holocaust and acknowledges that nuclear deterrence has prevented a great deal of global and local warfare. He warns against charging forth with radical new alternatives such as the Strategic Defense Initiative and deep-cut disarmament, and argues that initiatives such as these reflect a return to traditional military thinking about waging wars that threatens deterrence policy.

352 pages ISBN 0-669-11565-7 \$24.95

Soviet Missiles

Barton Wright

Volume One in the World Weapon Database Series, edited by Randall Forsberg of the Institute for Defense and Disarmament Studies. This is the most authoritative guide to Soviet missiles — what we know about their numbers, capabilities, and strategies. The book brings together all of the estimates of Soviet missile strength. The reader is able to recognize areas where the sources agree, to compare estimates where they disagree, and to reach his or her own conclusions. The author also evaluates the estimates for each parameter, reveals which are the most reliable, and explains why.

The Machinery of Greed Public Authority Abuse and What to Do About It Diana B. Henriques, *The Philadelphia Inquirer*

Public authorities spend billions on monumental projects — and when they fall into the hands of crooks, they can become corrupt on a monumental scale. This book gets down to cases. The book first looks at the Washington Public Power Supply System, whose management failures have shaken the municipal bond market and cost investors billions of dollars. Then it lifts the lid off public authorities in Massachusetts, New Jersey, Utah, New Mexico, and Rhode Island.

NATIONAL POLITICS

NEW EDITION!

GOVERNMENT IN AMERICA: People, Politics, and Policy *Third Edition*

Robert L. Lineberry

In a lively, engaging style, this highly respected professor and author provides sound coverage of American political institutions, behavior, and processes, focusing on competing theories and key issues of political conflict.

In the new Third Edition, Lineberry offers increased coverage of state and local government; parties; nominations, campaigns, and elections (now covered in two full chapters); the political economy; and the media. Throughout, the tales of four cities – Bethlehem, Pennsylvania; Smyrna, Tennessee; San Jose, California; and San Antonio, Texas – make the global and national aspects of American politics understandable to students. Lineberry explores, for example, the effect of national economic policies on cities, the workings of the court system, and the impact of shifting demographics on local congressional politics. The new edition also addresses the profound influence of high technology on the American political scene – for example, the politics of nuclear war, computers and telecommunications, and advances in biotechnology.

The excellent pedagogy includes chapter opening “memos” from the author to the student and thought-provoking boxed material on such timely topics as “The Japanese Presence in Tennessee” and “Confronting Inequality in Other Nations: The Case of South Africa.” There are also key terms (boldfaced in text, compiled in end-of-chapter lists, and defined in the Glossary), end-of-chapter summaries and annotated bibliographies, an appendix listing primary source material, and a new appendix containing the Declaration of Independence. This is all supported by a full, carefully researched ancillary package that includes a Customized Test Generation service and Little, Brown’s Educational Resources Reimbursement Program. *cloth/720 pages/#526746/Instructor’s Manual, Study Guide, Test Bank, Computerized Test Bank, Educational Resources Reimbursement Program*

THE BASICS OF AMERICAN POLITICS *Fourth Edition*

Gary Wasserman

Revised and updated through the 1984 elections, the Fourth Edition of this brief introduction to American national politics features coverage of the Reagan administration’s first term and the 98th Congress, a simplified chapter on civil rights, and new material on the War Powers Act, rising campaign costs, and other current topics. *paper/320 pages/1985/#924369/Instructor’s Manual*

BEHIND THE SCENES IN AMERICAN GOVERNMENT: Personalities and Politics *Fifth Edition*

Peter Woll

Lively portraits of the colorful personalities that breathe life into political institutions and processes – written by leading journalists and other “insider” authors – bring excitement to the study of politics. With special attention to the 1984 elections, the Fifth Edition contains twelve new selections and profiles of Robert and Elizabeth Dole, Patrick Caddell, and others. *paper/384 pages/1985/#951714/Instructor’s Manual*

POLITICAL IDEALS

NEW!

DEBATING AMERICAN GOVERNMENT

Peter Woll

Governor Mario Cuomo vs. Congressman Jack Kemp on the role of government; Supreme Court Justice Thurgood Marshall vs. scholar Thomas Sowell on affirmative action; Washington correspondent Victor Gold vs. Fred Barnes of *The New Republic* in an examination of the media: An impressive group of leading political scientists, authors, journalists, and politicians with opposing views are paired off in a debate format in this new anthology. Other topics considered include the effectiveness and responsibilities of Congress, the influence of the bureaucracy, and the powers of the Supreme Court, among others. The focus on major issues provokes student issue-awareness — and interest. Excellent introductions to topic areas are provided by the author. *paper/320 pages/#951803/Instructor's Manual*

NEW EDITION!

CONSTITUTIONAL DEMOCRACY *Second Edition*

Peter Woll

The new edition of this popular text continues to provide a thorough examination of American constitutional democracy—its historical foundations and current practices. Built around the theme that American government is shaped both by formal constitutional design and by informal forces, topics are discussed within both constitutional and democratic contexts. Contemporary political processes and institutions are covered in depth, with separate chapters on the presidency, Congress, bureaucracy, and the judiciary. The text has been updated to include the 1984 elections and an analysis of Reagan's first term, deregulation, the controversial role of the Supreme Court, and contemporary political research. *paper/368 pages/#951730/Instructor's Manual*

NEW EDITION!

THE AMERICAN POLITICAL SYSTEM: A Radical Approach *Fourth Edition*

Edward S. Greenberg

This timely revision provides students with an alternative approach to American politics and public policy, focusing on them within their context in the economic system of corporate capitalism. The American economy and social structure are studied in detail, along with a comparative analysis of corporate and union political power. Throughout the text, in the analysis of the why, how, and consequences of governmental actions, students are invited to consider the quality of social justice and democratic citizenship in the context of unequal political and economic power. The new edition contains a fresh look at Reaganism—its impact on public policy and its historical place—and revised coverage of elections, the presidency, Congress, and the political bureaucracy. *paper/416 pages/#326852/Instructor's Manual and Test Bank*

LITTLE, BROWN AND COMPANY

EVER BETTER IDEAS

NEW EDITION!

POLITICAL THINKING: The Perennial Questions

Fourth Edition

Glenn Tinder

The new Fourth Edition of this classic text presents 29 questions of the type political philosophers have contended with across the centuries. The unique format, designed to draw students into the process of political thinking, explains the questions and the major alternative answers, without endorsing any particular point of view. Diverse topics cover a wide range of ideas, including material new to this edition on civil disobedience, nuclear war, and abortion. Avoiding academic jargon, Professor Tinder has produced a sophisticated and serious, yet readable, text. *paper/256 pages/#850675*

NEW EDITION!

BUREAUCRATIC POWER IN NATIONAL POLICY MAKING Fourth Edition

Francis E. Rourke

Nineteen of the 30 readings are new to the expanded edition of this highly respected collection, which has been updated to reflect the first half of the 1980s. Focusing on how national policy is made, the selections combine to make a well-balance blend of theory and application. Bureaucracy as a political power in itself is defined and analyzed in relation to its role in policy making. Professor Rourke's fine introductions precede each section to provide analyses and material for class discussion. *paper/496 pages/#759732*

NEW!

ORGANIZATION THEORY FOR PUBLIC ADMINISTRATION

Michael M. Harmon and Richard T. Mayer

This text explores the principal theoretical perspectives of public organizations and their implications for public administration. The authors present a normative framework for analyzing each perspective's basic theoretical assumptions and relates each perspective to public administration. *cloth/est. 400 pages/#346950*

MORE GOOD DECISIONS

NEW!

LAW AND POLITICS IN THE UNITED STATES:

An Introduction

Herbert Jacob

This well-known scholar has written a comprehensive core text that examines the American legal system and its relationship to politics. Separate sections examine characteristics of American law; how its users mobilize themselves to take advantage of the legal arena; the structure and actions of the legal profession and the interactions of the police with the law; and the operation and characteristics of the core institutions involved. Jacob thoroughly discusses the functions of American law in the courts; legislative and administrative activities in relation to the legal system; and alternative dispute-resolution processes and legal remedies. Although criminal law is discussed fully, the emphasis is on civil disputes, with extensive examples drawn from ordinary cases as well as benchmark decisions, including litigation in the abortion controversy, the Baby Doe cases, the IBM antitrust actions, consumer credit cases, and more. *cloth/336 pages/#455520*

CONSTITUTIONAL LAW

Malcolm M. Feeley and Samuel Krislov

This collection of major Supreme Court decisions covers all fundamental issues in the structure of American government and civil rights policies. Well-edited, fuller excerpts from cases are preceded by essays that place each case in its historical, political, and constitutional contexts. Headnotes to each case view current issues in historical perspective, and collectively offer a thorough assessment of the Warren and Burger courts. *cloth/896 pages/1985/#276863*

From our backlog—

PARTY POLITICS IN AMERICA Fifth Edition

Frank J. Sorauf

The most respected text on the subject analyzes the role of parties in the American political system—their development, present decline, and the factors that will effect change in the future. This edition features new material on PACs, campaign financing, the revitalization of national committees, and the diminishing advantage to riding presidential coattails. *cloth/512 pages/1984/#804398*

THE INTEREST GROUP SOCIETY

Jeffrey M. Berry

This timely text offers an in-depth look at the origins, maintenance, and marketing of interest groups; interest groups as organizations; their lobbying of all three branches of government; and the activation of grassroots and public opinion support. Important questions are raised about the proper role of interest groups in a democracy. *paper/256 pages/1984/#092126*

INTERNATIONAL POLITICS

NEW EDITION!
**CONTEMPORARY POLITICAL IDEOLOGIES:
Movements and Regimes Third Edition**

Roy C. Macridis

This compelling text updates Macridis's overview of the major political ideologies—democracy, communism, the totalitarian right, and their variants—focusing on how politics and political behavior contribute to ideology and on the dynamics of contemporary political change. Macridis covers ideologies in terms of their underlying theories, historical contexts, and interrelationships, and discusses how specific ideologies were formed and how they affect current political actions and movements. New to this edition are a chapter on Liberation Theology, a more comprehensive treatment of Third World ideologies, an expanded chapter on nationalism, and a biographical note on Italian Communist Antonio Gramsci included in the discussion of Eurocommunism. *paper/368 pages/#542822*

NEW!
MODERN POLITICAL REGIMES: Patterns and Institutions

Roy C. Macridis

This innovative new text provides comparative analyses of major modern political regimes, based on the criteria of command, consent, the configuration of interests, and individual rights. Parliamentary and presidential democracies, communist and right-wing totalitarian regimes, despotic monarchies, and military and administrative-corporate regimes are given full coverage, with over a dozen modern countries cited as examples. *paper/304 pages/#542857*

COUNTRY STUDIES

NEW EDITION!

POLITICS IN ENGLAND *Fourth Edition*

Richard Rose

The author draws upon his own research to include fresh material on the Thatcher era, the 1983 elections, and England in the 1980s—a time of turbulent change that has led to multi-party politics in a traditionally two-party system. Comparisons with American policies, institutions, and processes help students better understand both systems. *paper/448 pages/#756474*

NEW EDITION!

POLITICS IN CHINA *Third Edition*

James R. Townsend and Brantly Womack

This up-to-date analysis of political institutions, processes, and policies in the People's Republic of China introduces students to important aspects of China's political history up to the present post-Maoist regime. It includes statistical data from the 1980s, expanded analyses of education and communications, and examination of significant recent political changes. The analytical approach enables students to better evaluate the Chinese system and its place in the modern world. *paper/496 pages/#851329*

NEW EDITION!

POLITICS IN THE USSR *Third Edition*

Frederick C. Barghoorn and Thomas F. Remington

This is a total revision — up-to-date through Gorbachev's accession to power — of a classic functional and historical treatment of political processes, life, and culture in the Soviet Union. It contains two new chapters, one on domestic performance and one on foreign policy, plus a review of recent literature and expanded material on social structure. *paper/544 pages/#080918*

Soviet Methods of Mass Mobilization, 1917-1929

Peter Kenez

"Through careful studies of schools, publishing, youth organization, and the cinema Peter Kenez provides stunning insights on the creation of the "propaganda state" in the 1920s in the USSR and a provocative revision of much recent thinking on that crucial decade. This book is concise, readable, and, above all, important." — *S. Frederick Starr, President, Oberlin College and author of Red and Hot: The Fate of Jazz in the Soviet Union, 1917-1980*

\$12.95

The State and the Unions

Labor Relations, Law, and the Organized Labor Movement in America, 1880-1960

Christopher L. Tomlins

"This is the first major comprehensive history written from extensive primary materials of modern American labor law and labor relations policy... The real subject of the book, is that of contending visions about how to realize the ideal of republican association in industrial society. Tomlins argues his case in a discriminating and critical spirit, and with considerable moral passion." — *Robert Gordon, Stanford Law School*

Studies in Economic History and Policy: The United States in the Twentieth Century

\$12.95

Islam in Foreign Policy

Adeed Dawisha, Editor

"Of all the recent books on resurgent Islam in world politics, this study... is probably the clearest and most enlightening." — *Foreign Affairs*

"An excellent introduction to Islam's manifold role in foreign policy-making." — *Middle East Economic Digest*

A collection of ten case studies analyzing the role of Islam in foreign policy in Iran, Saudi Arabia, Libya, Pakistan, Egypt, Morocco, Iraq, Nigeria, Indonesia, and the Soviet Union.

UPDATE

The Human Polity: An Introduction to Political Science

Kay Lawson

San Francisco State University

590 pages • cloth • Instructor's Manual
with Test Items • 1985

Recognizing the interdependence of nations, Lawson develops the idea that all people are part of a larger political whole—the human polity. Through the skillful use of examples and questions, the author presents the basic concepts of political science in a way that helps students understand the relevance of each concept to their own lives.

Among the text's outstanding features: a broad comparative perspective, a straightforward but informal writing style, and an excellent chapter focusing on politics and economics.

Public Personnel Administration: Concepts and Practices

Gilbert Siegel and Robert Myrtle

Both of University of Southern California

464 pages • cloth • 1985

Siegel and Myrtle offer students a practical managerial/analytical approach to the subject. Comprehensive in scope, the text covers the overall structure and process of public personnel administration, contemporary issues and controversies, and the impact of new technology on the workplace. Chapter case studies with exercises and chapter summaries promote understanding.

Before the Law:

An Introduction to the Legal Process Third Edition

**John J. Bonsignore, Ethan Katsh,
Peter d'Errico, Ronald M. Pipkin,
Stephen Arons, and Janet Rifkin**

All of University of Massachusetts,
Amherst

570 pages • paper • 1984

A comprehensive introduction to the American legal system through provocative court cases and selected readings—essays, journal articles, literary works—from contemporary and classic sources. Instructors report that the varied and informative material, which includes full discussion of opposing, contrasting, or alternative views, generates lively class discussions. About one-third of the contents in the Third Edition is new.

American Political Parties: Stability and Change

Alan Gitelson

Loyola University of Chicago

M. Margaret Conway

University of Maryland

Frank B. Feigert

North Texas State University

392 pages • cloth • Instructor's Manual
with Test Items • 1984

Gitelson, Conway, and Feigert focus on party organization, the party in the electorate, and the party in government. Their text views parties not as declining, but as undergoing a transformation, acquiring a new, more professional role.

Public Administration: Concepts and Cases Third Edition

Richard J. Stillman, II

George Mason University

529 pages • paper • Instructor's Manual
with Test Items • 1984

Stillman's highly successful text enables students to understand the relation between the theory and practice of public administration by systematically integrating important conceptual essays with contemporary case studies.

Cases in Public Management Fourth Edition

Robert T. Golembiewski

University of Georgia

Michael White

University of Southern California

361 pages • paper • 1983

Providing nearly 50% new cases, the Fourth Edition of Golembiewski and White's stimulating casebook retains a management approach with emphasis on state and local middle-level managers. New cases focus on finance, budgeting, intergovernmental relations, ethics, and organizational politics. Directions for student role playing follow each case.

Completely reorganized, the book now groups cases into areas such as negotiation and bargaining, supervision, and ethics. An introduction classifies the cases and suggests class uses.

Readings in Public Administration: Institutions, Processes, Behavior, Policy, Fourth Edition

Robert T. Golembiewski

University of Georgia

Frank K. Gibson

University of Central Florida

421 pages • paper • 1983

Golembiewski and Gibson's distinguished readings book continues to feature strong coverage of organizational behavior. With three-quarters of the selections new, the up-to-date Fourth Edition now treats areas such as leadership, sexual harassment, civil liability, and civil service reform.

Completely reorganized, the book now presents articles grouped by subject paralleling the usual order of introductory texts. New headnotes place each reading in context for students.

Public Administration: A Management Approach

Donald E. Klingner

Florida International University

377 pages • paper • Instructor's Manual
with Test Items • 1983

Taking a public management approach in his introductory text, Klingner emphasizes fiscal administration, management of human resources, and ethics of public administration, in addition to organizational behavior, leadership, and models for studying the field.

Case studies or simulations, accompanied by questions, illustrate chapter concepts and promote learning. Ample pedagogical aids include—for each chapter—learning objectives, key terms listed at chapter ends and defined in a glossary, review questions, and a summary.

Introduction to Law and the Legal System Third Edition

Harold J. Grilliot

669 pages • cloth • Study Guide

Instructor's Manual • 1983

Grilliot's popular, highly readable introductory text surveys the U.S. legal system, detailing what it is and how it works. Court cases—113 in all—illuminate and expand upon the chapter material, and case questions aid students in learning legal reasoning procedures. Facsimiles of actual court documents provide valuable visual assistance.

The Contentious French

Charles Tilly

In a dazzling new interpretation of four hundred years of modern French history, Tilly focuses not on kings and courtiers but on the common people of village and farm. He chooses the contention of the masses as his basis, centering on the people's growing ability and willingness to fight injustice, challenge exploitation, and claim their own place in the hierarchy of power.

Announcing 5 Instructional Units On Comparative Politics

with print and audio components

Each unit consists of a monograph and 60 minute audio cassette that provides a comparative perspective on a specific topic taught in courses on American government and politics. A unit can be used singly or in combination with others in the series in order to introduce students to other countries' institutions and policies. The units can be adapted for an introductory American government and politics course or for upper division courses.

The Administrative State in Industrialized Democracies

by Joel D. Aberbach and
Bert A. Rockman

Coordinating International Economic Strategy

by Stephen Cohen and John Zysman

Comparative Political Parties

by William Crotty

The Welfare State in Hard Times

by Hugh Heclo

Preserving Peace: The Difficult Choice of International Security

by George H. Quester

Each monograph includes an essay, a bibliography and notes for the instructor.

Each cassette dramatizes the issues in the monograph through interviews with scholars and political leaders and citizens in other countries.

This series is based on material from two audio/print college courses entitled, "Global Understanding," developed and produced by National Public Radio, in conjunction with the University of California at San Diego and Columbia University, New York.

The Annenberg/CPB Project supported the development of these units.

The units are \$4.50 per copy with a 20% discount for orders of 20 or more. Twenty copies of a title are accompanied by the audio cassette at no charge.

To order, write to:

The Pacific Century

Economic and Political Consequences of Asian-Pacific Dynamism

Staffan Burenstam Linder. Spectacular economic growth in the Pacific Basin is forcing a shift in the world's political and economic center of gravity, a shift away from the Atlantic to the Asian-Pacific region. This book is designed to give the general reader a firm grasp of the new Pacific dynamism and to clarify its impact on the global marketplace. The author first describes the factors that have produced the phenomenon—huge increases in production, international trade, and overall economic achievement. He then speculates on the consequences of the shift to Pacific primacy: how it will influence political and economic strategies in other sectors, encourage new economic partnerships, and pose a threat to certain national economies. Warning that protectionism is not the answer to the threat, the author concludes by showing how non-Pacific nations can use Pacific growth to their benefit. Cloth, \$18.95; paper, \$7.95

P'eng Te-huai

A Political Biography

Jürgen Domes. In 1978 the Chinese Communist Party posthumously rehabilitated Marshal P'eng Te-huai—veteran of the Long March, leader of China's forces in the Korean War, and Minister of Defense from 1954 to 1959. An outspoken critic of Mao's development policies, P'eng was branded a "traitor" during the Cultural Revolution and sent to prison, where he remained until shortly before his death in 1974. P'eng has subsequently been rehabilitated and is now considered an important contributor to the cause of Chinese communism. This study reconstructs P'eng's biography within the framework of political and socioeconomic developments in China, and uses P'eng's life and career as a means of investigating the typology of intra-party conflict in the CCP, the evolution of anti-Maoist doctrine, and the ways in which personal images are manipulated in the People's Republic of China. \$25.00

THE AUTHORITATIVE NEW BOOKS

TAXATION AND THE DEFICIT ECONOMY Fiscal Policy and Capital Formation in the United States

Edited by DWIGHT R. LEE
Foreword by MICHAEL J. BOSKIN

Twenty-two leading economists examine the effects of taxing on personal and corporate income; the influences of welfare programs, Social Security, and military spending on the processes of capital formation; and the political and bureaucratic incentive structures that dominate the fiscal process and have led to an escalating fiscal crisis in the United States.

The authors' proposals for reform include stringent constraints on the political decision-making process, including economic deregulation, tax reduction and simplification, and reductions in both transfer payments and military spending.

"One of the most comprehensive analyses of the effects of federal tax and spending policies available anywhere. Invaluable!"

CRISIS AND LEVIATHAN Critical Episodes in the Growth of American Government

By ROBERT HIGGS
Foreword by ARTHUR A. EKIRCH, JR.

The enormous expansion of the federal government in the twentieth century occurred primarily during a series of distinct national emergency and crisis episodes, most notably World War I, the Great Depression, World War II, and the Great Society/Vietnam War period. In the post-crisis periods, the size of government shrank somewhat, but never even remotely close to previous levels.

With painstaking analysis and detailed research, Robert Higgs challenges the benevolent view of government growth since the Progressive Era. His conclusions force a critical reassessment of the legitimacy of government's dominant role in American life today.

"Clearly written, well-documented, interesting, and very readable."

-ARTHUR A. EKIRCH, JR.

PACIFIC
INSTITUTE
FOR PUBLIC POLICY RESEARCH

INSTRUCTIONS TO CONTRIBUTORS

The *American Political Science Review* aims to publish scholarly research and writing of exceptional merit. Contributions must demonstrate the highest standards of excellence in conceptualization, exposition, methodology, and craftsmanship. Because the *Review* reaches a diverse audience of scholars and practitioners, contributors must demonstrate how their analysis or exposition illuminates a significant research problem, or answers an important research question, of general interest in political science.

Article Manuscripts

Article manuscripts should be submitted to the Managing Editor, Professor Samuel C. Patterson, *American Political Science Review*, Department of Political Science, University of Iowa, 310 Schaeffer Hall, Iowa City, Iowa 52242. Four copies must be submitted, and none can be returned. Manuscripts must be typed double-spaced, on only one side of the paper. The author's name and affiliation should not appear on the copies submitted, but only on a separate covering sheet. An abstract of no more than 150 words must be sent with the manuscript. In general, the *Review* considers manuscripts of up to 30 pages in length. Moreover, the *Review* does not consider manuscripts submitted to other publications.

Manuscripts should be prepared following the guidelines of the *APSA Style Manual*, a publication of the American Political Science Association's Committee on Publications. It is available from the Managing Editor's office. Otherwise, authors should follow the *Chicago Style Manual* and the example of recent issues of the *Review*. Graphs and tables should be presented on separate pages, with their location in the manuscript indicated, e.g., the notification "Table 1 about here," at the proper places.

Book Reviews

Books intended for review and all book review correspondence should be sent to the

Book Review Editor, Professor Robert H. Salisbury, *American Political Science Review*, Department of Political Science, Washington University, Campus Box 1063, St. Louis, Missouri 63130.

Other Correspondence

Information, including news and notes, for the Association's news journal, *PS*, should be sent to Dr. Catherine E. Rudder, Editor, American Political Science Association, 1527 New Hampshire Avenue, N.W., Washington, D.C. 20036. Advertising, reprint, and circulation correspondence should be sent to the Executive Director at the Washington office. Domestic claims for nonreceipt of issues must be made within four months of the month of publication; overseas claims, eight months. Advertising information and rates are available from Norinne Hessman, Advertising Manager, APSA, 1527 New Hampshire Avenue, N.W., Washington, D.C. 20036.

Indexing

Articles and notes appearing in the *Review* before the June 1953 issue were indexed in *The Reader's Guide to Periodical Literature*. Current issues are indexed by *International Political Science Abstracts*, *United States Political Science Documents*, and *Social Sciences and Humanities Index*. Microfilm of the *Review*, beginning with Volume 1, may be obtained from University Microfilms, 300 North Zeeb Road, Ann Arbor, Michigan 48106. A *Cumulative Index of the Review*, Volumes 1-62, 1906-1968, also may be obtained from University Microfilms. Articles appearing in the *Review* are listed in *ABC Pol Sci* and *Current Contents: Behavioral, Social & Management Sciences*. Book reviews are indexed in *Book Review Index*.
