## ABOUT THE JOURNAL

*Ancient Mesoamerica* is the international forum for the method, theory, substance and interpretation of Mesoamerican archaeology, art history and ethnohistory. The journal publishes papers chiefly concerned with the Pre-Columbian archaeology of the Mesoamerican region, but also features articles from other disciplines including ethnohistory, historical archaeology and ethnoarchaeology.

Topics covered include the origins of agriculture, the economic base of city states and empires, political organisation from the Formative through the Early Colonial periods, the development and function of early writing, and the use of iconography to reconstruct ancient religious beliefs and practices.

## SUBMIT YOUR PAPER

*Ancient Mesoamerica* aims to publish the very best in cutting-edge scholarly research, unifying several different fields – from archaeology to ethnohistory, art history, and beyond.

The journal publishes primarily in English, but will also feature contributions in Spanish. All papers will have Spanish (or English) summaries as a regular feature to enhance scholarly communication. We also wish to reach non-specialist readers. The Editor will gladly discuss topics or contents of manuscripts prior to submission.
